

What is Careers Education, Information, Advice and Guidance (CEIAG)?

Careers Education, Information, Advice and Guidance programmes make a major contribution in preparing young people for opportunities, responsibilities and experience of life. They help young people make decisions and manage transitions as learners and workers. It is vital that all 11-16 year olds have the knowledge and skills they need to make informed choices. We strive at all times to conform to the current "best practices" in Careers Education, Information, Advice and Guidance laid down by the government.

Wardle Academy is committed to providing a planned programme of CEIAG for all students in Years 7-11, in partnership with outside agencies (Colleges, 6th Forms, Apprenticeship providers, Positive Steps and Universities).

The careers programme is designed to meet the needs of all students at Wardle Academy. It is differentiated and personalised to ensure progression through activities that are appropriate to students' stages of career learning, planning and development. The careers programme includes career sessions, career guidance activities (group work and individual interviews), information and research and other outside agency intervention.
